

Race Time

Cub Scouts · Elective · Lion rank

Name

Started

Completed

Race Time is your chance to build and race with your adult partner. You'll put together a Pinewood Derby car or Raingutter Regatta boat, learn the rules, and race with good sportsmanship. Building it together is the best part.

Requirements

Every official requirement, in plain language. Check the official wording when you sign off (scouting.org/cub-scout-adventures/race-time-lion/). Tips and examples are ideas, not extra requirements.

- ☐ **1** With your adult partner, put together and decorate a car for the Pinewood Derby or a boat for the Raingutter Regatta

Tip: Plan your design together. Let your Lion choose colors and stickers while the adult handles any tools.

Example: Your adult does any sawing, drilling, or sanding. You choose a shape, paint stripes, add stickers, and help push in the wheels or attach the sail. Give your racer a name.

- ☐ **2** Learn the race rules for the car or boat you picked in requirement 1

Tip: Read your pack's race rules with your adult so your car or boat is ready.

Example: Read the rules together: how heavy the car can be, how long it can be, or how boats are blown down the gutter. Then check that your racer follows each one.

- ☐ **3** Before the race, talk with your adult partner about how you will show good sportsmanship

Tip: Talk about cheering for others and saying good game, whether you win or not.

Example: Plan what you'll say: "Good race" to the person next to you, clap for every car, and give a high five whether you win or come in last.

☐ **4** Race in a Pinewood Derby or Raingutter Regatta with your adult partner

Tip: Race with your partner and have fun, then congratulate other racers.

Example: On race day, check in your racer, watch it zoom down the track or float down the gutter, cheer for your friends, and thank the volunteers who ran the race.
