

RANK WORKSHEET

Webelos

Cub Scouts

Name

Started

Completed

Webelos is a big year in Cub Scouts. You'll take longer hikes, learn to keep yourself and your family safe, and get to know your community better. Work through the adventures with your den, and you'll be ready for Arrow of Light.

Requirements

Every official requirement, in plain language. Check the official wording when you sign off (scouting.org/programs/cub-scouts/adventures/webelos/). Tips and examples are ideas, not extra requirements.

☐ 1 Bobcat

Tip: Bobcat helps you get to know your den and the Scout Oath and Law. Make up a den code of conduct together.

Example: A good Bobcat month: a name game at the first meeting, the den writes its own Code of Conduct, and each Scout takes a turn as denner. At home, one evening on the Parent's Guide.

☐ 2 Webelos Walkabout

Tip: Webelos Walkabout is a 2-mile hike. Pack your Six Essentials and pick a fun route, like a park trail.

Example: Walkabout fits nicely in early fall. Your Scout picks a 2-mile loop at a park, checks the forecast the night before, and packs their own Six Essentials while you only double-check.

☐ 3 Stronger, Faster, Higher

Tip: Stronger, Faster, Higher is about eating well and staying active. Try cooking a healthy meal with your family.

☐ **4** My Community

Tip: My Community is about voting, laws, and service. Ask a local official how they were elected.

Example: Many dens schedule My Community around an election season, when officials are visible and voting is in the news. The service project can be a den park cleanup or a food drive at school.

☐ **5** My Safety

Tip: My Safety is about staying safe at home and in emergencies. Go on a hazard hunt around your house with a parent.

☐ **6** My Family

Tip: My Family is about faith, kindness, and traditions. Make a holiday craft or food your family loves.

☐ **7** Complete any 2 elective adventures

Tip: Pick two electives that sound fun to you, like Aquanaut, Build It, or Yo-Yo.

Example: Let interests lead the electives. A builder might pick Build It and Modular Design; an outdoor kid might choose Let's Camp and Catch the Big One; a creative kid might love Art Explosion.
